

ASK SOUTH BEND AID IN DELAYING ANTI-TRUST BILLS

New York Association of Commerce Thinks Regulative Measures for "Big Business" Should be Deferred.

The South Bend Chamber of Commerce has been asked by the New York Merchants' association to appeal to the Indiana representative and congress, asking that legislation against the trusts be stopped for the time being. The war on the trusts, it is thought by the New York association, during the present financial crisis all over the country, would hinder the readjustment of new conditions created by the tariff and currency legislation.

Want Bills Deferred. Following is the telegram sent to Mr. Spaulding:

This association has telegraphed Sen. Newlands, chairman of the interstate commerce committee, and senators from this state as follows: "The industry and commerce of this country already disturbed by the necessity of readjustment of new conditions created by tariff and currency legislation is suddenly confronted by the paralyzing effects arising from the passage of an indefinite period of foreign commerce and international trade and financial relationships additional readjustment to comply with terms of pending anti-trust legislation irrespective of the merits of the pending bills would constitute a burden which our industry and may be unable to bear and would be likely to precipitate a crisis so serious as to constitute a national calamity. We therefore respectfully urge that further consideration be deferred until any of the anti-trust bills now pending be immediately postponed until a later session of congress."

MECHANICAL ASSOCIATION OF NEW YORK.

No Action Expected. No action upon the telegram, it is expected, will be taken by the local body. The policy of the South Bend Chamber of Commerce in regard to anti-trust legislation was expressed by Secy. Spaulding this morning with: "If we must have such legislation, have it and have it over with."

It is probable, however, that consideration to this matter may be given by the Chamber of Commerce. In order to vote on the matter, a special meeting would have to be called.

SPRINKLING TIME SET IN NEW RULE

At the suggestion of the board of works, the water works department has made several changes in its rules governing the hours in which subscribers may sprinkle the lawns. Heretofore the rule has been that those whose house numbers were even should sprinkle during the even hours and the odd hours were to be used by those whose house numbers were odd. The new rule is to the effect that between the hours of four and eight o'clock in the evening the old rule shall be followed. However, through the day and at all other times sprinkling shall be done at will. This new rule is more or less of an experiment. If city ordinances and other department rules are not followed the new privilege will be revoked. For mechanical sprinklers owners will have to pay two cents per front foot of their property exclusive of the regular water rates.

The new lamps have been installed in the north pumping station enabling the engineers to drive the pumps both night and day. Preliminary tests of the large pump have in every case been successful and the station is said to be almost in readiness for regular service.

Mrs. Orville Wolverton is held at County Jail Upon Husband's Charge of Mental Derangement.

Declaring his wife to be insane, Orville Wolverton, 624 E. Keasey st., has had her placed in the county jail under the care of Matron Anderson and Sheriff Swanson, pending investigation into her sanity. Mrs. Wolverton has a case of wife desertion filed against Wolverton in city court, and friends allege that the later development of the case is prompted by a desire for revenge.

Wolverton, after the first continuance of his case, was allowed to go upon his own recognizance, but when officials of the police department learned of his action against Mrs. Wolverton, a bench warrant was issued, his appearance bond was increased to \$200, and further hearing in the case set for next Tuesday.

ASK SALE OF HORSE TO SATISFY MORTGAGE

Anna Hoffer and Louis Hoffer filed suit in the circuit court Thursday against Constantine C. Tracas and Theodore Tracas asking the foreclosure of a chattel mortgage which they hold on a horse belonging to the defendant. The plaintiffs allege that they accepted a note for \$250 from the defendants on June 17, 1914, to come due in 30 days and took a mortgage as security. They claim that the note is still unpaid and ask for foreclosure of the mortgage and \$150 judgment.

RED CROSS APPEALS TO SOUTH BENDERS FOR HELP

An appeal for aid from the American Red Cross society to aid in caring for the wounded in the European war, was received by the South Bend Chamber of Commerce Thursday morning.

Funds for helping the wounded on the European battle fields are badly needed by the American Red Cross society, and they have sent an appeal to every city in the union to assist in this work.

The Chamber of Commerce has volunteered to accept South Bend donations, and subscriptions may be sent directly to them either by mail or in person, and the funds will be taken care of.

Following is the telegram received Tuesday morning by Secy. H. G. Spaulding:

"Please use this appeal to raise funds for the Red Cross. During our war with Spain thousands of dollars were sent by the European Red Cross societies to the American Red Cross to aid in the care of our sick and wounded soldiers. Now in the hour of their supreme need the American Red Cross both for the sake of humanity and to express our gratitude for their aid to us in the time of trouble and distress we have decided to charter a ship and send to each country involved, with doctors,

PROPERTY PURCHASE NOW UP TO COUNCIL

County Board Will Consider Two Big Bond Issues at Special Meeting.

When the county council goes into special session next Wednesday, two important matters will be taken before it for consideration. The county commissioners will ask the council to appropriate \$98,700 for the purchase of the old First M. E. church property at the corner of Main st. and Jefferson divd., and to authorize a bond issue of \$100,000 for the building of the North Michigan st. bridge which is now in the process of construction. If the council appropriates \$98,700 asked by the commissioners for buying the church property it will also be requested that a bond ordinance for \$95 be passed to cover the appropriation. If the petitions are granted, bonds in \$1,000 amounts will be issued for the bridge. \$50,000 to be paid by Sept. 1, 1929, and \$50,000 by Sept. 1, 1930. Bonds to the amount of \$25,000 will be issued for the church property. If the council grants the request of the commissioners. These bonds will be issued for \$1,000 each, \$50,000 to be paid by Sept. 1, 1931, and the remainder by Sept. 1, 1932.

CAMPBELL SEES NO NEED TO ISSUE CERTIFICATES

Head of Local Clearing House Association Says Philadelphia Offer Will be Declined.

Although a plan has been suggested by a prominent Philadelphia banker to exchange clearing house certificates to relieve the money situation in the United States, Myron Campbell, head of the South Bend clearing house, does not believe such a step will be necessary at this time and does not believe that such an emergency will arise. Mr. Campbell said Thursday that indications were that the money situation would not assume serious proportions in this country on account of the European war and he believes that there is every possibility that the nation will be able to handle its financial affairs without difficulty.

He stated that bank deposits, particularly in the saving bank departments, show an increase during the past week and judge that there will be no stringency of money. The South Bend clearing house at a meeting held this week discussed the situation and decided that it was unnecessary at this time to issue clearing certificates as there is an abundant supply of money available. Mr. Campbell takes an optimistic view of the situation from the financial standpoint, believing that the European troubles will cause little hardship in this country.

HEARING ON INJUNCTION DELAYED UNTIL TUESDAY

O'Neil Case Against Mayor Fred W. Keller is Postponed by Judge Vernon W. Van Fleet.

Judge Vernon W. Van Fleet of the superior court granted a continuance until next Thursday of the hearing of the petition for an injunction against Mayor Fred W. Keller and Charles H. Beyer, filed by Thomas O'Neil. The suit for injunction was started Tuesday by O'Neil to prevent a hearing before Mayor Keller upon a petition filed by Beyer asking that O'Neil's saloon license be taken away from him and Judge Van Fleet issued a restraining order and set the hearing of the case for Thursday morning.

City Atty. Eli F. Seebirt was unable to attend the hearing and asked that it be continued. O'Neil claims that Mayor Keller and Beyer are attempting to relieve him of his license and alleges that the city executive does not have the authority to take such action. Beyer claims in his petition to the mayor that O'Neil has been operating his saloon illegally, citing two different occasions. The matter will be threshed out before Judge Van Fleet next Tuesday morning according to the present plans.

nurses and hospital supplies. This ship sailing under the Red Cross flag will be under the protection of the treaties of Geneva and The Hague and can enter any harbor for the discharge of its beneficent duty. In no other way can this trained personnel so greatly needed, reach the different countries.

Protection is provided also for the personnel of the Red Cross societies of neutral states that render aid, by the treaty of Geneva. The American Red Cross appeals most earnestly to all of our people, to the governors of states as presidents of the Red Cross state boards, to the Red Cross chapters, to mayors of cities, to chambers of commerce, to boards of trade and all associations and individuals for contributions to carry on this work.

"Contributions may be designated by the donors if they so desire for the aid of any special country, and will be used for the country designated, but assistance will be given to all in the true spirit of the Red Cross represented by its motto 'Neutrality and Humanity.'"

"Grieved as we may be over this terrible war, the agonizing cry of suffering men cannot appeal to us in vain. The American Red Cross asks for a prompt and generous response. Contributions may be sent to the American Red Cross, Washington, D. C., or to state and local treasurers of the Red Cross."

SAYS WIFE HOPED HE WOULD BE KILLED

Mary Krueger hoped that her husband, Gustave A. Krueger would be killed by a smashup of his automobile, according to a complaint for divorce filed in the superior court Thursday by the husband, who asserts that his wife expressed this desire for his death on different occasions. The plaintiff also alleges that since the marriage of the couple in St. Joseph, Mich., on March 31, 1914, the defendant has treated him cruelly, charging him with infidelity and with supporting other women. In answer to this Krueger claims that he turned all his wages with the exception of a couple of dollars over to his wife each week.
